My dear Sister:—

Mother recived your dear letter yesterday and I also recived one from Mable and two others for me. it wrote such a sweet long interesting letter I enjoyed it so much, I answered at once telling her every thing that would interest her. and begging of her to come home the 4th. but what does she mean, she says she is happy & that it was one of her choice to do this. I may enclose it. I have did as you have dear, cryed every since I heard of it. you know she left her with all for me. but I told her I never could enjoy it without her at home.

I think as you do, that she has had a quarrel with this Lass of hers and is taking this step to forget him, she seems to care more for me than the rest of you and wants John to bring me to see her in Aug or Sept & she thinks a great deal of Mr Head & he her, he wrote her a letter also in regards to her coming home. It would be no use for any one to try and see her for she would not see them & I doubt if she would be allowed.

Edith I am delighted to learn of you enjoying yourself so and eat lots of the good things and get real fat for dear you know when I last saw you, you were only a shadow. Now the next time I went to see you big as Aunt Lade. Last Sept I weighed 162 now I weigh ~~133~~ 130 or 129, but I am still a good size and will now of

my female trouble. Before I came home I was very sick for several weeks with ovarian, & then I had the Dr called it Paracentesis. The cause was a fall & heavy cold, but I am well as ever now, all but my old cough, Ca & I parted pleasantly but is having over the little Dr bill $8.00 and Druggist $2.98 and the lady where we roomed took care of me and had a little bill. Jack writes me they are not paid yet, and for fear I would get things before I left has Jack can make my credit good at any store that I, & has time so and I would get them & they would send the bill to Dad. So he went to all of the stores in C— even the stores & my druggist where the Dr got my medicine or rather John got all of the prescriptions

filled) and told the manager not to allow me to get anything or to [illegible] John had to borrow, on his credit, he made a jackass out of himself but every body knows John & I, and they only teased John. he would not allow me any monthly allowance, said he would send me what he could, but so far I have only rec'd one letter and no money.

C. Custer I could tell you dozens of pages of stuff but will wait till I see you. and another thing I made out a list of things I wanted before I left and he only got me three articles, the cheap underwear.

I selected Wallis trunk cost $11.00 with initals on it & straps three days a very good one. I have one similar.

Edith when are you coming home? I intend leaving in June again to spend a week or two on Lookout Mt at one of my lady

friends. Then I am coming back and John is coming up in Aug or Sept. I recieve a letter from him every day sometimes two. They are from 8 to 17 pages always.

Sorry indeed to learn of poor Blanche Lee sorrow. poor girl.

By the way how are you and Mr Knight getting along and when is it coming off? Remember me to him just for fun. will you? and how is that St Louis fellow you told me to write to? give me his addr and see if I don't. you introduce us first thought.

I like the South, and the colored people I miss greatly to wait on me.

We put some things to eat in Mabels trunk. apples, candy, crackers etc

I wish I were down there with you. for I dont want to stay here seems as though there had been a death in the family with out you or Mabel. Jack & I went to the Matinee last Friday "Under the Dome." it was fine but I miss Jack so I nearly die. after we went we guided in here 15 pictures for 1¢ & now & your little Nanny had some take mummy hair come down and I am a fright I will send you one when I get them to scare the cats away. I dont go out any where, only twice to church & you ought to see Gladys pretty & fat as she can be. dont forget to tell me when you intend coming for the north. and sweet Sister my address is still or is now.

greatly. We are having
muddy & rainy weather.
